

# AirBoom MP

(MultiPoint Inflatable)

## Application Guide

**AirBoom MP** (Multi-Point inflatable) is an ideal choice for areas where conditions (frequent use, limited manpower, etc.) dictate the use of a reelable boom. Perfect for storage on elevated docks at marine terminals or as a readily transportable response package when stored on trailer mounted boom reels.

Can be inflated with high volume, low pressure backpack inflators, or integrated reel mounted hydraulic blower.

Canadyne **AirBoom MP** is an inflatable boom suitable for a wide range of marine environments. Storage on boom reels allows for easy deployment, retrieval and transportation.

### **Features and Benefits:**

- ◆ Simple and reliable design. All fabric seams are thermally welded to ensure air tight construction.
- ◆ **High flow check valves** for rapid inflation and deflation.
- ◆ Wide range of sizes and fabric choices to suit any application or budget.
- ◆ **Multi-chamber** design for utmost reliability.
- ◆ Ultra compact storage on boom reels or folded onto storage pallets.
- ◆ **ASTM** or **Universal Slide** style marine grade aluminum boom connectors to mate with existing equipment inventories.
