

DripPad

Application Guide

Use the **DripPad** to catch and trap small leaks under vehicles or leaking equipment.

Use the handy corner grommet for securing in place or hanging when not in use.

Custom sizes available on request.

The Canadyne **DripPad** is a sorbent pad encased in a heavy duty cover for containing drips and leaks from equipment, vehicles, trucks, or for general purpose spill containment. Will not allow liquids to leak through. Standard size is 25" x 26" (outside dimensions)

Features and Benefits:

- ◆ Uses **standard 17" x 19" sorbent pads**. Pads are easily replaced.
- ◆ Pads may be oil specific, universal, or chemical resistant types.
- ◆ **Chemical resistant** XR-5 cover is highly resistant to oils, fuels and chemicals.
- ◆ **Durable cover** can be driven over or stepped on.
- ◆ **Perimeter weighting** to hold pad in place even in windy conditions.
